

CALL FOR THE ASSIGNMENT OF FURTHER PHD SCHOLARSHIPS FOR THE XL CYCLE

The deadline for this call is 1 pm (CET) of November 21st 2024

Art. 1 – SUBJECT OF THE CALL

1.1 The selection process has been announced at the University of Padua for admission to PhD Courses for the 2024/2025 academic year - XL cycle (hereinafter 'selection process').

The research subjects, methods and criteria for candidate selection to be used for ranking purposes are indicated on the specific information sheet for each Course (Annex 1).

The information sheets also indicate:

- the number of funded and unfunded places that will be assigned according to the specific rankings for each Course;

- the number of places financed by the National Recovery and Resilience Plan (PNRR), Mission 4, component 2 "From research to business", funded by European Union NextGenerationEU. The places financed under the National Recovery and Resilience Plan (PNRR) are linked to specific projects National Centers (CN).

Priority research grants on the topics indicated in the information Sheets compulsorily provide for the performance of the research activity on the basis of a specific Project, binding the grantees to the performance of the same.

1.2 All places funded by an external body or a Department will become available if the financing is confirmed; shouldn't these places become available, the number of unfunded places may also be reduced.

The use of the masculine gender has no discriminatory nature but it is understood as a gender-neutral language and responds only to the needs of more immediate communication.

Art. 2 – JOINT PHD COURSES

2.1 The following joint PhD Courses are activated at the University of Padua:

- Brain, Mind and Computer Science with Fondazione Bruno Kessler - FBK
- Fusion Science and Engineering with Università Napoli Federico II
- Developmental Medicine and Health Planning Sciences with Fondazione Istituto di Ricerca Pediatrica Città della Speranza
- Physics with the National Institute for Nuclear Physics - INFN

2.2 Each agreement shall regulate relations between the Parties involved, their respective contributions and commitments, the organisation of the Course, the specific management of the financial resources and the learning resources made available by the institutions forming part of the agreement for each Course.

Art. 3 – ADMISSION REQUIREMENTS

3.1 Anyone in possession of the following, regardless of nationality, may apply to take part in the selection process:

- diploma di laurea (pre-reform regime);
- laurea specialistica/magistrale (post-reform regime);
- Second-level academic qualifications awarded by AFAM (Higher Education in Art and Music) institutions.

3.2 Admission to the selection process for candidates who have not yet been awarded their academic qualification

Anyone yet to be awarded the required academic qualification, but who will have received it by and no later than December 31st 2024, may also apply to take part in the entry examinations. Otherwise, admission to the course will be denied.

Admission will be conditionally granted to these candidates, who will have to provide self-certification regarding the qualification awarded (or the certificate itself if the qualification was awarded in a non-EU country), together with an identity document by January 10th 2025. Said certification must be sent via email to phd.application@unipd.it. The self-certification (or the certificate itself if the qualification was awarded in a non-EU Country), must indicate the name of the university that awarded the qualification, the date it was

awarded, the kind of degree (second-cycle Italian - degree, Master's Degree or equivalent qualification), and the grade achieved, together with a copy of a valid identity document.

3.3 Admission to the selection process for candidates with an academic qualification awarded abroad

Applicants with an academic qualification awarded abroad can be admitted to a PhD course only if the above-mentioned qualification is equivalent to a second-cycle Italian degree ("Laurea magistrale a ciclo unico"/"Laurea specialistica"/"Laurea magistrale") awarded at an officially recognized foreign academic institution, which grants admission to a PhD course in the education system/Country in which it was awarded (except for significant differences). Said qualification must be comparable to the Italian degree required for the admission to a PhD course (i.e. Master's Degree or another equivalent second-cycle degree).

The suitability of the foreign qualification is ascertained by the Selection Board responsible for admission to the PhD course, in compliance with the relevant legislation in force in Italy and in the country where the qualification was awarded and in accordance with international treaties or agreements on the recognition of qualifications for the pursuit of studies.

Admission to the selection process will be conditionally granted to those candidates in possession of an academic qualification awarded abroad that has not yet been officially recognised as equivalent to a second-cycle Italian qualification by the competent academic bodies of Italian universities.

To this end, when completing the online application process, the candidate must request that their qualifications be verified and attach the following documents:

A. For candidates with a degree already obtained:

- certificate or self-certification (in the cases provided for by Italian law) of both first (Bachelor's) and second-cycle degree (Master's), with grade;
- certificate or self-certification (in the cases provided for by Italian law) of the list of exams/transcript of records of both first (Bachelor's) and second-cycle degree (Master's), with grade;
- any other documentation deemed useful for the assessment of the suitability of the qualification held (e.g. Diploma Supplement, Declaration of Value, Statements of Comparability and Verification issued by the Italian ENIC-NARIC - CIMEA).

B. For candidates yet to be awarded the required academic qualification:

- certificate or self-certification (in the cases provided for by Italian law) of first (Bachelor's) cycle degree, with grade;
- certificate or self-certification (in the cases provided for by Italian law) of the list of exams/transcript of records of both first (Bachelor's) and second-cycle degree (Master's), with grade;
- certificate or self-certification (in the cases provided for by Italian law) attesting the enrolment in a second cycle degree (Master's);
- any other documentation deemed useful for the assessment of the suitability of the qualification held (e.g. Diploma Supplement, Declaration of Value, Statements of Comparability and Verification issued by the Italian ENIC-NARIC - CIMEA).

The above-mentioned documents must be drawn up in Italian or English, under penalty of exclusion from the selection. In cases where self-certification is not permitted (e.g. non-EU candidate with a qualification obtained abroad), if the official documentation issued by the university where the degree was obtained is not already in one of the languages listed above, the candidate must attach also a certified translation in Italian or English. The Selection Committee evaluates the suitability of the foreign degree according to the documentation attached to the application, and can therefore exclude the candidate if such documentation does not provide sufficient information for the assessment.

In the event that the candidate has acquired two (or more) Level II qualifications, she/he must indicate, when completing the application, which qualification she/he intends to use for access to the doctorate.

Art. 4 – APPLICATION FORM

4.1 The application form to participate in the selection process may only be submitted using the dedicated online procedure, available at: <https://pica.cineca.it/unipd/dottorati40autunno/> Application forms must be submitted no later than 1 pm (CET) on the announcement deadline date (**November 21st 2024**).

Candidates intending to apply for more than one Course must complete a separate application for each chosen Course.

Should the Course have more than one curriculum, candidates must indicate their order of preference. Preferences expressed on the application form will provide an indication of the candidate's interests and will not be binding for the Committee.

With regard to each Course, candidates must indicate whether they are exclusively competing for unfunded places. This choice cannot be changed afterwards.

With regard to each Course, candidates also wishing to compete for places with priority research grants are obliged to indicate this in their application, selecting the relative subjects. This option will be a binding priority choice.

Priority research grants are linked to specific curricula, if present, in accordance with the information provided on the sheet for each single Course.

Only candidates who have made a specific request to do so in their application may compete for priority research grants. These choices are final.

4.2 All required documents to be submitted listed in the information sheet for the chosen PhD course must be attached to the application form, together with a copy of a valid identity document, with photo, preferably a passport. If the candidate is applying for more than one course, each application must be completed with the relative documents required. All documentation must be attached in pdf format or any other format foreseen by the specific doctoral course.

For all legal purposes, the application is to be considered as a self-certification of the data included therein and of the attached documents, in accordance with articles 46 and 47 of Italian Presidential Decree no. 445/2000 and subsequent amendments.

A non-refundable payment of € 30.00 must be made for each application. This amount must be paid by the final deadline for submitting the application via "PagoPA".

After payment, it is still possible to modify one's application.

Once the application form has been completed, it must be printed, signed and re-uploaded following the instructions described in the online procedure, and a copy of a valid identity document must be attached. The absence of a signature, of the payment of the participation fee by the deadline and/or missing an identity document are grounds for exclusion from the selection process.

The online procedure for submitting the application form can be also accessed through SPID (Public Digital Identity System), by choosing the University of Padua from the list of providers available: in case of access via SPID, no signature will be required when submitting the application.

4.3 After closing the application, the candidate can, where applicable, request **reference letters** by completing the appropriate section on the application form. The candidate can request reference letters before November 26th 2024 at 1 pm (CET). A notification for completion of the letter will be sent to the referee only after the application has been fully submitted. The referee will be automatically notified by the system and will have to personally complete the reference letter section in the online procedure and submit it by the deadline of **November 26th 2024 at 1 pm (CET)**.

Reference letters attached by the candidate will not be taken into consideration.

4.4 The application is automatically sent to the University when the online procedure has finally been completed. Therefore, no paperwork needs to be delivered or sent to the University's offices.

4.5 Candidates are invited to complete applications for the selection process well in advance of the closing date specified in this competition notice.

Candidates are responsible for verifying that the procedure is completed correctly. No complaints will be accepted for any malfunctioning of the IT system due to overload experienced by candidates near the closing date.

4.6 Candidates with disabilities or specific learning disabilities (SLD) may support the admission tests with reasonable adjustments, making an explicit request to the Student Services Office - Inclusion. To this end it is necessary to:

- 1) request the individualized test through the dedicated online application;
- 2) send an email to inclusionestudenti@unipd.it specifying the supports, aids or compensatory measures needed (additional time assigned cannot exceed 30% for candidates with SLD and 50% for candidates with disability):

3) send the relevant documentation to the Student Services Office – Inclusion (inclusione.studenti@unipd.it), together with a copy of a valid identity document by 1 pm of November 21st 2024.

Useful documentation for reasonable adjustments includes:

- certification pursuant to Law 104/1992;
- civil disability certification;
- SLD diagnosis certification (issued for no more than 3 years, or renewed as an adult, by facilities of the National Health Service or by specialists and accredited facilities).

Candidates with disabilities or specific learning disabilities (SLD) residing in foreign Countries must submit the certification about disability or SLD issued in the Country of residence, together with a sworn translation in Italian or English. On the basis of the documentation presented, and after possible interview with dedicated personnel (way to be agreed), supports for the test will be considered.

It is therefore recommended to contact the Student Services Office – Inclusion well in advance of the date of the test, by sending an email to inclusione.studenti@unipd.it.

Art. 5 – ADMISSION PROCEDURES AND ENTRY EXAMINATIONS

5.1 Information on selection procedures and the dates for examinations are provided in the information sheets specific to each Course.

For all intents and purposes, the examination dates indicated in the Course information sheets represent official notification. Candidates will therefore not receive any further call or notification regarding the entry examinations.

To take the examinations, candidates must connect on the day and at the time indicated in the aforementioned information sheets, providing a valid identity document (e.g. a national identity card, passport or driving licence).

5.2 Oral examinations will be considered passed if the candidate obtains a mark equivalent to at least 7/10.

If specified in the individual Course information sheet, the Committee will carry out a pre-selection on the basis of the academic qualifications presented by the candidate. Candidates who pass the pre-selection phase, obtaining a minimum score of 7/10, will be admitted to the oral examination.

The entry examination will be taken in the language(s) indicated in the Language(s) section of the specific information sheets for each Course, under the item “Admission exam”.

5.3 Candidates will take the oral examination remotely only if they selected this option in the admission form; in this case the oral examination will via Zoom or, if not available in their country, another equipment agreed with the Commission. Candidates must guarantee that they will use a webcam in order to be correctly identified by the Selection Committee and that they will connect on the day of the oral examination.

For identification purposes, and under penalty of exclusion from the selection process, candidates are required to identify themselves showing the same identity document already sent as an attachment to the application before the start of their oral exam.

Failure to connect or be reachable on the day and at the time agreed, or failure to show a valid identity document pursuant to the previous paragraph, may result in exclusion from the selection process.

The University of Padova shall accept no responsibility for any technical issues that may prevent the oral examination from being correctly carried out.

5.4 Oral examinations are public.

5.5 For candidates who have also submitted an application for priority research grants, the Committee will also verify their suitability for the specific subject.

5.6 If the PhD courses are structured in curricula and only one ranking will be drawn up, the Committee shall assign each candidate with a single curriculum in relation to the candidate’s scientific profile, based on the examinations taken and the documentation provided.

Art. 6 – SELECTION COMMITTEES

The Selection Committees are appointed by the Rector according to the proposal put forward by the PhD Board, in accordance with the University Regulations governing PhD Programmes.

Art. 7 – RANKINGS AND ADMISSION TO COURSES

Upon conclusion of entry examinations, each Committee compiles the general ranking for admission to the Course based on grades achieved in the examinations. Candidates will be granted admission to the courses according to the Course ranking or any other specific ranking, if applicable.

If the candidate has been successful in their application to more than one PhD course, they will have to decide on one only Course upon enrolment.

7.1 The general ranking for admission to the Course will indicate whether candidates are eligible for the priority research grants they applied for and the assigned curriculum, if the PhD Course offers more than one curriculum.

Grants will be awarded based on the merit ranking.

If the successful candidate is eligible for a priority research grant, this grant will be assigned as a priority, as provided for by art. 4.

If several successful candidates are eligible for the same priority research grant, the Committee will award the grant based on the merit ranking.

If several priority research grants are available and a successful candidate is eligible for more than one of these grants, it is up to the Committee to decide how to award each grant.

7.2 The Rector approves the selection proceedings and declares the ranking official for the admission of candidates. The rankings will be made public from **January 10th 2025** through:

- Publication on the University's official register;
- Publication on the University of Padua website: <https://www.unipd.it/dottorato/bandi-graduatorie>

Successful candidates must enrol by **January 17th 2025**. Information on enrolment procedures will be published at the same time as the rankings.

Publication of enrolment deadlines are to be considered as official notification for all intents and purposes.

No personal communication will be sent to the candidates. Candidates granted admission to the Courses are responsible for checking enrolment dates and procedures.

Art. 8 – PHD COURSES AND MEDICAL SPECIALISATION SCHOOLS

8.1 If successful in the selection process for a PhD, students enrolled at medical Specialisation Schools will be allowed to enrol in a PhD Course in compliance with the following conditions:

- a) compatibility, also in consideration of the distance between the seats, of the activities and commitment envisaged by the Specialization School and the PhD Course, certified by the Board of the Specialisation School and by the Academic Board of the PhD Course;
- b) incompatibility between the PhD grant and the emoluments, however denominated, received in relation to the activities of the specialization school.

8.2 In cases of joint attendance, the request for a reduction in doctoral activities is approved by the Academic Board of the PhD Course, after a positive assessment of the consistency of the research activities already carried out in the medical Specialization course with the doctoral project. In order to accept the application referred to in this paragraph, the opinion of compatibility, expressed by the Board of the Specialization School, of the doctoral project with the didactic purposes of the Specialization School is also required. If the application referred to in this paragraph is accepted, the PhD Course will have in any case a duration of no less than two years.

8.3 Joint doctoral and medical specialisation school attendance is not compatible with doctoral scholarships funded by PNRR.

Art. 9 – ENROLMENT

9.1 Successful candidates, with or without a grant, must enrol by **January 17th 2025**, following the procedures published together with the rankings.

Failure to enrol by the deadlines set for each Course will be considered as renunciation of the place (with or without a grant), which will subsequently be assigned to the next candidate according to the ranking.

9.2 The enrolment form must contain all the attachments indicated in the instructions, including a copy of a valid identity document and a passport-size photograph; after concluding the enrolment procedure, the regional fee (art. 12) must be paid as indicated.

The simultaneous enrolment of students in two courses of study is allowed in accordance with the provisions of Law no. 33 of 12 April 2022 and the related implementing decrees.

When completing the enrolment form, the successful candidate declares, inter alia, that:

- They shall undertake to ask the competent body of the Course for authorisation to carry out work outside of the course;

and, if a grant holder:

- To have acquired the ORCID ID (Open Researcher and Contributor ID), indicating it;

- They have not already benefited from another PhD Course grant in the past;

- They will not accumulate the grant with another grant, awarded for whatever reason, except for those assigned by national or international institutions for the purposes of integrating the research activities of the PhD student with time spent abroad;

- They are aware that the grant is only awarded to those who have a yearly income (gross sum) that is below the equivalent of a year's grant amount for the tax years when the grant will mainly be used, and shall provide prompt notification should their income exceed this limit;

- They shall undertake to pay back the monthly grant instalments received in the academic year in which their income exceeded the limit;

- To undertake to register with the INPS separate management as a parasubordinate and to indicate any registration with other social security funds;

and, if a priority research grant holder:

9.3 Candidates with a foreign qualification must also attach to their application:

- in case of academic qualifications awarded in non-EU Countries: a copy, in Italian or English, of the second-cycle degree as well as a copy of the certificate indicating the examinations taken and the relative grades, and Declaration of Value issued by Italian diplomatic or consular authorities or, alternatively, Statements of Comparability and Verification issued by the Italian ENIC-NARIC - CIMEA;

For further information on the Declaration of Value, visit the web page <http://www.studiare-in-italia.it/studying/info-07.html>.

Candidates in possession of a foreign academic qualification who have not provided the required documentation requested at the time of enrolment will be enrolled conditionally and will be excluded from the PhD course, with the obligation of refunding grant instalments unduly received, if:

- They do not submit such documentation within 6 months of the start of the course;

- Following verification, the academic qualification does not meet the requirements of the present competition notice and does not permit enrolment on the PhD course.

Art. 10 – VACANT PLACES

Following explicit or tacit withdrawal by successful candidates before the start of the course, the PhD Office will contact directly the other eligible candidates according to the ranking, in compliance with the criteria set out in art. 7.

Should any funding places become available after withdrawals, the following candidates, according to the ranking, may apply for such vacant places: winners of a place without scholarship who have enrolled by the deadline, winners of a place without a scholarship who have also tacitly renounced their enrolment with a place without a scholarship, the other eligible candidates in the ranking. Those candidates who in the application form indicated that they competed exclusively for unfunded places cannot apply for vacant places with funding.

Art. 11 - GRANTS

11.1 For priority research grants, the research subject will also be specified. Holders of these grants are under the obligation to carry out the research activities specified in the agreement between the University and the institution providing funding for the grant, and must respect the contents of the agreement.

11.2 Grants are only awarded to those who have a yearly income (gross sum) that is below the equivalent of a year's grant amount for the tax years when the grant will mainly be used. Should the grant holder's income exceed this limit, they will lose their right to the grant for the academic year in which the limit was exceeded. In this case, the PhD student concerned will be obliged to pay back any monthly grant instalments already received.

Should applications have equal merit, the assessment of the applicant's economic situation is the deciding factor in awarding a grant. This is calculated pursuant to ISEE (Equivalent Economic Situation Indicator) values. Unfunded places will be awarded to the younger applicants.

11.4 PhD grants cannot be used together with other grants, awarded for whatever reason, except for those assigned by national or international institutions for the purpose of integrating the research activities of the PhD student with time spent abroad.

11.5 The amount of the grant is increased by 50% for any time spent abroad.

11.6 The grant takes effect when the holder effectively begins to attend the course.

The grant is paid in deferred monthly instalments.

Anyone who has already benefited from a PhD grant, cannot do so for a second time.

11.7 In the case of joint PhD courses in agreement with other institutions (see art. 2 of the present announcement), the management of financial resources, including grants, is defined and governed by the individual agreements in place.

11.8 With regard to PhD scholarships financed under the PNRR calls for proposals, all places must be filled with a scholarship (not renounceable), as provided for by Ministerial Decree 301/2022 at par. 3.3 letter e).

15.2 PhD students who realize that they made an invention must immediately inform their supervisor or the Director of the Department, who, from that moment on, shall maintain the confidentiality and notify without delay the Settore Trasferimento di Tecnologia of the University in order to proceed with the evaluation of the results linked to the invention as well as to the appropriate protection measures.

15.3 Candidates who compete for priority research grants undertake to accept the provisions relating to intellectual property agreed in the Convention between the University and the funding body.
